

*Hey, just want to let you all know that Lio Convoy has doxed me last night on April 22nd, 2023 due to merely stating factual issues / inconsistencies / double standards of Lio himself and The Senate!*

- ❖ Lio has doxed my nickname from looking up my facebook which is alongside my real IRL name. **I was stating inconsistencies / double standards Lio and Senate were pulling when they attempted to slander a friend of mine known as Caswarfox for nothing.** It was proven that Caswarfox had no involvement in a drama that everyone assumed that was settled 8 months ago (*one where baiji a mod of senate has raided Gilded's server showcasing his favorite dolphin horse zoo porn, posting it on porpoise. Gilded's members came into Serafina's server assuming there are adults in there and spammed an ultra edgy meme of a guy fucking a cooked rotisserie chicken. Supposedly the animosity regarding this drama resolved 8 months ago supposedly. Lio had no issues on it*). I had to delete my Facebook and everything because of it. I stated I was a victim of SA and pedophilia and he took it as to where I was troll shielding and in result has intimidated me into silence. I have an archive of that tweet as well if it gets deleted.

## Example of confirmation on what started the raid situation

May 11th 2023

**Lio has self admitted in his own tweet that the issues that he had with gilded is considered minor compared to the situation gilded is currently dealing with. In meaning Lio has nuked his whole argument about gilded. So in reality don't ever take what Lio or any of his crew seriously because they will just nuke their entire argument and just do nonsense for nothing.**

<https://archive.ph/ajhAc>

- ❖ **LioConvoy attempted to dox me for the sake of intimidation to silence just for me to stop on pointing out the issues.** He got my nickname alongside my IRL name on facebook. I have it set to only show to friends only **in meaning it is private.** My username on my pc is also **Rocky** but it is connected to my microsoft account that has my IRL name attached to it. So I had to also change my username because of that as well. Lio used a grabber to find me, and it's the only two accounts that have my nickname of **Rocky** with my IRL name attached to it. (*I had to censor IRL name and friends for safety measures*). **Alongside this my facebook, microsoft accounts was never mentioned publicly on any of my social platforms as well.** On the morning of the 23rd of April, my father has informed me that he has received **4 blocked cell phone calls** after I have discussed with them the ongoing situation. (*This assumption is based on the fact that Lio has past behavior of using blocked cell numbers to contact parents of degens, one example is blood lord/FalconicChaos.*)
- ❖ Today on **April 24th, 2023** I came back to my account and blocked Lio due to him doxxing me, if you were in my position you would do the same. **Lio has no understanding that attempts at life ruination is a serious issue, especially all over because I was trying to highlight inconsistencies / double standards that he shows. Lio says that I am scared but with him throwing that threat around doxxing a victim of SA and pedophilia (me) into silence, this has to be a major pussy move. It shows how scared you are that one person is actually right about you.** Showing that Lio isn't a man that he claims to be.

<https://archive.is/Wf4mX>

- ❖ On the evening of the **24th of April** Lio responded saying that he “did not dox me” when moles told him there was a topic about it in Cas’ discord server. Lio stated that he saw an old account of mine on youtube and that is what he went off of is that very account, I have not used it in quite of a while and **recently after finding out it had my nickname on it** had to change the name for safety measures. It **STILL** does not excuse that he had malicious intent to look into any information that he can onto me, which technically does still fall on the same field and in result tried to intimidate me into silence. Oddly enough **why did he not discount that it could most likely be an alt name? Lio most likely has done more digging to figure out that it is a nickname of mine alongside my IRL name. He would not have said anything in the first place if it was an alt name right? It makes no damn sense, basically he is just making excuses to hide the fact he actually saw more than just one account of mine (having the IRL name attached to my nickname that is private information) to give him the smoking gun to state my own nickname on twitter. This way he can come up with many excuses he can for others to be lenient on him. Alongside he has stated that it was all a joke as one of his many excuses. IT DOESN'T EXCUSE THE FACT IT IS WRONG REGARDLESS! IT SHOWS YOU HAVE MALICIOUS INTENTIONS TO SILENCE ME FOR FACTUALLY STATING YOURS AND SENATE'S INCONSISTENCIES AND DOUBLE STANDARDS!**

- ❖ Another thing to point out as well, my old channel is never connected to the one that i currently use today, Lio has stated that he found it through my old account. How funny is that he made a **VERY LUCKY GUESS** about which one is my actual account out of the **MANY** channels that has the name **Rocky** on it. **The only way that Lio can find out anything about my old account is that he saw both of my accounts that are connected to my email through a grabber. Lio connected the dots where he sees**

multiple accounts through the same email that has my IRL name attached to my nickname.

As of **May,6th 2023** Lio made a whole lie stating that i have kept my name to be meep long before he did that stunt on Twitter. FALSE my user was Rocky long before that happened and the new handle too. **Youtube has made a default handle as soon as it came out and I have not changed it since then. EVEN YOUTUBE THEMSELVES CONFIRMED IT!**

hey there! moving your channel to a Brand Account doesn't automatically change its name. you can change your channel name twice within a 14-day period. deets here: [goo.gle/3LCiOSV](https://goo.gle/3LCiOSV) learn about Brand Accounts here: [goo.gle/3nKngH7](https://goo.gle/3nKngH7)

Yeah, I wasn't saying it is changing the account @ or anything like when you make a new account on youtube itself does it have a default @ on it before you can change it in the settings? Just for clarification.

in some instances (like when you create a channel) YouTube might auto assign you a handle based on your chosen channel name. there can be cases where it's randomly assigned if the chosen name can't be converted to a handle. more here: [goo.gle/3M27hgV](https://goo.gle/3M27hgV)

Hey Lio question on April 24th you showed a screenshot that has my old account right? The document came out on April 27th right? How did you find out what my old account was long before the doc even came out? Are you gonna say you took a lucky guess or that my current account has “**connection**” to my old account? I don’t think it’s the type of connection that everyone thinks it is, he used an IP grabber and saw my accounts were connected, even I pointed out that my current account does not have a link to my old account like you said, interesting indeed.

Were you able to predict the future of what account I was going to show in the doc? Because i never said what specific account with icon or anything it was, all i said was Rocky (not even showing any screenshots or what accounts they were

in the main server, you know the one you were watching) and somehow you magically knew from the jump long before the doc came out what exact one was.

Interesting indeed Lio. 🤖

🐍 Dishonest. Snake. 🐍

Also on May 7th I was asking Lio on the main server ( **since I know he and his moles were watching** ) about how he found out about what exact account I was referring to, he kept avoiding answering that question entirely 3 times in a row. First was around 8 in the

morning when I was asking multiple questions and he seemed to be picking what exact question to answer. But not the very important one about how he knew about what account I was talking about long before the doc came out. Here's a few screenshots to further prove my point.

- ❖ During the Coyote Lovely situation (*if you are not informed, I would highly recommend Caswarfox's, Clappedseal's videos about this situation*). Lio knew everything on all of Coyote Lovely's intentions on January 4th, A MONTH before Coyote got outed at the end of February 25th. LioConvoy and the Senate knew full well what Coyote Lovely was up to and kept it quiet. The video provided below proves it. It was taken very recently on March 3rd of this year. This was after the Coyote Lovely stream and Lio had no issues in terms of Gilded Poo about his extreme edgy humor.

- ❖ **This is the video that I was stating points about Lio's and Senate's inconsistencies, and double standards alongside criticism/opinions that led to the tweet in question. I HIGHLY recommend to see the Google Drive link below as there are damning things within that drive that will put the senate and Lio into question** (*one mentioning about the reverse vore where a dolphin is going inside of horse zoo porn*) 😊

[senate august third 2022 text log.zip - Google Drive](#)

<https://youtu.be/DBQc9txLkmw>

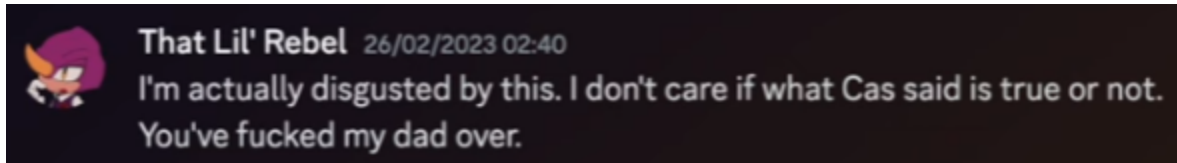

- ❖ The Twitter thread below goes over counter claims against the slanderous claims that Lio and Senate were making on their videos on Cas (*when it's has nothing to do with Cas or his community. They did it to silence Cas' community entirely*).

[https://twitter.com/Neorah\\_Playz/status/1648465982506283012](https://twitter.com/Neorah_Playz/status/1648465982506283012)

- ❖ One of those that are involved in the slandering is **Hopeless Peaches**. She slandered Cas in a small segment of a video that she made on Coyote Lovely (*stating a lie that Caswarfox was being too nice to pedos/zoos by cutting out context of the situation and the action that immediately occurred right after.*) It was shown to be entirely false as it was clarified by Cas on his twitter. When we were basically pointing this out, Peaches, Lio, and the higher ups of The Senate sent moles into Cas's server and were running reconnaissance on the activities on members of Caswarfox's server. **There were "daddy" jokes that were made. However this does not cover up the fact they have done the same jokes and actions on multiple occasions, to recall my own experience in the Senate.**
- ❖ **This clip was posted by Caswarfox for stating a better clarification of that particular clip from HopelessPeaches' video.** It is obvious what Peaches has done in that segment **was propaganda**. It is considered small fries compared to the more damaging slander being said by Lio and the members of Senate regarding members of Caswarfox community and Caswarfox himself.

<https://twitter.com/CasWarfox/status/1643828902316642304>

*Example of HopelessPeaches making a daddy joke alongside before her video that she "didn't care" but decides to care anyways:*

- ❖ LioConvoy basically pulled the same type of meme that Gilded's members had shown except it was a chicken with a baby face having hot dogs shoved into it. That meme does fall under the same category of memes as the man fucking a rostiserie chicken. Which is odd, that is an issue but not the meme Lio posted, Lio straight up has the same sense humor as Gilded's community. Lio and The Senate have the same form of humor as Gilded Poo. Therefore it is baseless and shows a **double standard.**

- ❖ Lio while sperging out on twitter has been throwing slanderous claims against VashLancette (a moderator of Cas' community server) of zoophilia, being a shota lover (**the shota lover accusation tweet has been deleted at the time of the making of this doc**) But this tweet below is proof that there is interactions before the now deleted shota lover accusation tweet.

**Proof that Lio made claims that Vash is a zoophile:**

***Proof on one of the mods admitting to faking screenshots to spread misinformation:***

- ❖ Lio and Senate knew that Coyote Lovely was defending Zrcalo (a notorious zoophile/pedophile) while also manipulating the call and also Lio and Senate has cut out the very **DAMAGING** parts and **kept it hush hush by only showing the one part about the fursona pins.** Lio sent the video to Cas and told them to not spread the video. Cas was put under pretense that Lio **WAS** going to make a video about Zrcalo, showing that full call. **INSTEAD, Lio kept it unlisted for months, almost a year.** Lio and The Senate must be put into question by everyone because at this point, it is getting ridiculous that **they are willing to even do these measures knowing full well of the heinous things that Coyote has done and even went to the extent on slandering the LITERAL SOURCE OF INFORMATION.** Cas and his community alongside victims were given vale threats of doxxing and getting families involved, **i was the only one out of the three that Lio actually attempted at a dox and maliciously gain private info on me through any means necessary.**

<https://www.youtube.com/watch?v=7WXuNo0ESUM>

- ❖ Lio and the Senate threw allegations that Cedric Feldmann (or *Ceddy* as many people call him.) Is a zoophile for unknowing following an heinous feral NSFW artist on FurAffinity. Ceddy stated that he never has the NSFW Filter on (***Ceddy is unable to view said nsfw art***). Proof below is Ceddy's FurAffinity has 3 comic book strips in his own favorites on Furaffinity. **If he followed that artist in question, wouldn't he favorited the heinous art to further prove that he is a "zoophile" right?**

<https://twitter.com/UmbrellaVinyI/status/1650323816365846528>

I want everyone to pay attention to these calls because this is going to debunk **EVERYTHING** that Lio and Senate has done for the past few weeks to Cas and his community. I will be

pointing out the inconsistencies / double standards below as evidence. Enjoy!

<https://www.youtube.com/watch?v=aASwTly525E>

- ❖ Lio was acting like **he never knew anything of Coyote's intentions about his "op" or the flirtation to a zoophile at the time of the call** late night of **February 18th, 2023** to early morning on **February 19th, 2023** a **WEEK** before the yote stream! Lio knew everything over a **month** in advance around **January 5th** according to the call between Lio and Gilded Poo on **March 3rd, 2023**. In conclusion Lio **FLAT OUT LIED about his and Senate's knowing of Coyote Lovely's intentions** (**according to this VERY call**) **this includes along with The Senate. They knew LONG before cas and others even said anything!**
- ❖ Additionally Lio has known for a while of Coyote Lovely's connection to Zrcalo (**as shown in the full Zrcalo call posted by Gilded Poo, credited to him for posting it**). **They knew everything and never did jack until everything blew up and did damage control. As a result of this they did a smear campaign against Cas and his own community because THEY ARE RUNNING FROM THE TRUTH!** So they made themselves look a million times worse **due to damage control and optics!**
- ❖ At a timestamp of **16:45** Lio has stated a completely different story by saying they had a staff meeting but around **3 minutes into the call** above where he stated that **he and the members of staff never knew anything. So he's contradicting his own story about him and the staff's knowledge of the information of Coyote Lovely.**
- ❖ Lio has stated in this call that he apparently has "**health problems**". But when Lio made a video on cas and community he has stated that "**its taking a toll on his MENTAL HEALTH**". **Lio is basically using the victimization card to have others go less on him when he is outed for his BULLSHIT which is it?** **16:54 - 17:39**
- ❖ Lio has stated that **people who always use slurs and edgy humor at the time of this recording is no issue in terms of investigation.** But when they slandered Cas and his community / victim members it becomes a problem? **35:59 - 36:18**
- ❖ Lio has stated that **he is always transparent but throughout any situation never has been inconsistent. Yet recently states baseless accusations to Cas' community members, shows out of context evidence, and does this smear campaign on Cas' whole community including Cas himself.** So what does this show of LioConvoy and The Senate? **44:49 - 45:07**

- ❖ Lio has stated that **he has no issue on the environment of Cas' discord server according to this recording**, but when the slandering of cas and his community happens apparently it is **NOW** an issue on screen. **50:36 - 51:46**
- ❖ Lio has stated an A.I. confession fanfic that was shown in Cas' server, Cas confirmed it was a form of shit posting and Lio did not care nor have not addressed that it is a massive issue, alongside that **he did cringe about it** but it was not an issue of Cas being a pedo hunter (**same goes for senate for not saying anything either**). But now with this drama it is with the ai generated fanfic shitposting from the confession bot it's an issue for him and the senate entirely with the Peaches / Lio daddy fanfics (**yet they do the same thing but less of the fanfic but it does fall under that field as shown above**). **54:26 - 55:10**
- ❖ Lio talking about allegations of Caddy in terms of liking an artist with the SFW filter **ON**. Lio sees the heinous art, even states that he will not have Coyote to be in staff if Lio finds out about Coyote **favoriting heinous art and following artists that has heinous works**, but funny enough, during the Coyote Lovely stream, he stated about Coyote following heinous artists on Deviantart and did not want to hold anything against yote as he has stated himself it is not an issue at all because Coyote **DID.NOT.KNOW!** **So by that logic, Caddy in terms of these allegations, should not have any sort of issue about Caddy unknowing following an feral artist since he had no idea of that artist's heinous art pieces. To add on to that, he has 2 comic book strips that are not feral nor zoophilia.** If Caddy would have liked feral porn **why are they not in his favorites on FurAffinity then?** Simple because he didn't **KNOW!** In meaning, Caddy never turns on the nsfw filter (**Unable to see the nsfw art**) which never **EVER** happened! Lio even stated himself about yote **"if i see that he likes and follows the artists in question I will IMMEDIATELY remove him"** at the time of this call. **Lio didn't apply that to Caddy with the allegations and never bothered to show the favorites to further prove his claims. This shows the flaws that Lio has, the double standards that is applied on Cas' community.** **59:54 - 1:01:57 , 1:05:49 - 1:06:32**
- ❖ Lio states that after this call and his meeting with someone else he is going to tell Coyote to **IMMEDIATELY ADDRESS** the allegations **BEFORE** the stream from Cas on the following saturday. But never did until **after** the yote stream and the smoking gun was yote calling Furski a bitch (**even tho monstrous called Furski a cunt in the loomi/mon call above and Lio did not do anything of anyone's knowledge but okay double standards**) and that was apparently enough for him to **NOW** tell Coyote what he did was wrong. Seems like damage control to me. Funny thing is that they went on **FNGR aka Anthony** for much less **IMMEDIATELY**. But to confront Coyote Lovely? **He waited until it blew up in their faces during Cas's Coyote stream. Lio only cared about how Coyote's reputation and actions during the livestream could hurt their reputation, They gave less of a SHIT of what Coyote did. They only cared about how Coyote was damaging the optics of how THEY look.** **1:04:30 - 1:05:46**

- ❖ Lio has stated that he wants Cas and the others to give him the evidence provided (**to be thorough**) so that he can confront Coyote **IMMEDIATELY** before the stream! Funny thing is, a Coyote Lovely thread was made in the prospering grounds on the **Kiwi Farms**, it had already shown the evidence on the thread **long before it actually became public** and Lio **WAITED** on it until **after** the Coyote stream on **February, 25th**.  
**1:11:20 - 1:11:58**

**This was at the time the thread was in the prospering grounds and at the time when the thread became public! SO LIO SAW THE EVIDENCE AND DIDN'T ACT IMMEDIATELY! HE WAITED BECAUSE HE KNEW!**

- ❖ Lio has stated before he departed from call that **he never has any form of issues or hard feelings with anyone**, never **ONCE** addressed any issues until the slandering of Cas and his community. In meaning **he had zero issues to begin with until Cas called them out and Cas stated he is going to question EVERYONE (meaning Lio and Senate). This is nothing more than retaliatory action by Lio and his community, it's all doing this bs for LITERALLY NOTHING.** 1:14:00 - 1:14:19

On the night of **April 22nd, 2023**, Lio and the members of the Senate raided Lagovirt's discord server to address their issues about the situation. In this call, I will point out the main issues in terms of how Lio and the Senate have acted. Their inconsistencies, double standards, and issues. The video below is the event that transpired.

<https://drive.google.com/file/d/1trAPYKKZf1YRZFdK8yYq1iiR5TQOPA-L/view>

- ❖ In the very beginning, Lio has stated that Caswarfox has lied on multiple occasions for the statements he has made in terms of them knowing about Coyote Lovely's intentions. Including that Lio stated that Cas and his community's behavior of shitposting, memes, copypasta fanfics, and **the things that Lio has not to seem to have an issue with a week before the Coyote Lovely stream by Caswarfox himself.** 0:00 - 0:36

- ❖ The Senate has told Lagovirt that he is responsible for the server even if he is not online. However, when Lio is put on the line in terms of responsibility with the Senate server, Lio has thrown huge fits and complains that he is the one responsible for the action of the mods, they seem to just ignore it and move on. Senate members are showing double standards towards Lagovirt's handling of his discord server. Even if Lagovirt complains or not. 2:25 - 4:31
- ❖ A member of Lagovirt's server has asked a question to Peaches stating if she has called Lio "daddy" in her video ( *which is false considering there was no saying of that in Cas' server or anywhere else. So complete misinformation* ). When Peaches and Lio responded they flat-out lied stating that never happened and that it was the sexual deviants making it up. Additionally, Peaches misbranded an unlisted shitposting vent video that Furski has made. Now according to the call that was taken on April 20th ( 2 DAYS before this call), Furski has stated to Monstress and Loomi that Peaches can reach out to her, and that Furski is willing to apologize for that video. So clearly there was misinformation being spread in terms of what happened on the call 2 days prior. 4:37 - 5:44
- ❖ Lio has stated that when people state daddy jokes about Lio himself he says himself that "If they think they are going to trigger me by doing that, no." meaning he does not care if others say that. But it makes no sense considering how he overreacted in terms of others in Cas' server making fanfics / shitposting in the confession bot. 6:30 - 6:37
- ❖ Peetza has lied in the call about what actually happened between him and Cas before the falling out. Cas was going at Peetza in terms of showing a stalkerish type of behavior when Peetza himself stated to Cas that he is receiving his ex's information and had been watching Cas and his ex's on different social platforms. Him saying that he is pointing out the inconsistencies is completely false that never happened at all. 8:30 - 8:45
- ❖ Lio has stated that Gilded Poo admitted that he has **terabytes of zoo porn** in a call when it was not the case. Gilded was over-exaggerating and was making a joke, even as evidenced above Lio knows about Gilded's sense of humor ( according to the one clip and also the March 3rd call ) and understands it but when it comes to this call Lio seems to either misunderstood or deliberately misconstrued Gilded's humor entirely. 10:00 - 10:21
- ❖ Lio has made a self admission that Cas' server is well known for shitposting in terms of humor. So how does it make any sense in terms of Lio's own reaction to the shitposting during this situation entirely? Seems off to me. 11:15 - 11:21
- ❖ Lio has stated that he has contacted Cas in terms of Gilded's post on Twitter. As of early March the 3rd, Lio has stated that Cas should take his time. But in this call

on April, 22nd he is stated that he told Cas to immediately handle this. Conflicting stories is also where is the evidence of the other story that Lio has stated? 11:30 - 11:57

- ❖ **Peaches** has stated that when Cas has made the Coyote Lovely stream, sees that it's only about the fox mafia therefore basically taking focus away from Coyote Lovely intentions throughout that situation. In meaning she basically took the initial intention about Lio's first video on Caswarfox by degrading the video entirely. 13:26 - 15:09
- ❖ **Peaches** misunderstood why everyone in Cas' community was criticizing her for the small segment of the video. **The reasoning was it was clear that it was spreading misinformation and not giving proper context therefore being slander. Second was that there were discussions in vc's that by Cas and others the story was not what it seems including how senate was reacting behind the scenes did not help on their end and caused more demand in terms of what is their true knowing of Coyote Lovely after the video Peaches has made. While this was happening there were no responses or anything like that so it caused further demand entirely. Peaches stated that there was a distraction of the Coyote Lovely situation when that is not the case in its entirety. Peaches and Lio while still in the server have multiple opportunities to clear their end in terms of context and their knowledge of Coyote Lovely. It's basically others wanting their actual sides of the story which did not happen. While yes there was shitposting in mix of it but they had multiple opportunities and blew it on 2 separate occasions. One was Peaches leaving the server at the premiere of her Coyote Lovely video before others can get their answers from her. Second was Lio when he left the server before his own video was public, while before then others were shitposting, demanding answers, and also sharing their opinions on how Lio and Senate were reacting.** 15:10 - 16:18
- ❖ Lio has stated in this segment of the call that Cas has done lack of action against Gilded Poo for his abhorrent actions at the time when the post was sent on twitter. **That is entirely false as Cas has gone to Gilded for those actions and warned him to never do it again as stated by multiple others including Cas himself when asked of that situation.** 20:49 - 22:09
- ❖ Lio has stated that Cas and Taka had made jokes about his IRL family and had seemed to have a massive issue with it. **Now it was not Cas and Taka it was other community members and even so other members of senate were also laughing at it. It's minor jokes that don't personally attack or in any form, it's more of a comedy show type of joke. Even so Lio himself has stated similar humor that is in a form of insult that has mentioned his own wife. It falls under the rules for thee and not for me type of situation. Additionally later in the call Lio has stated that others making jokes about his family is considered an issue because Cas and mods "don't recognize it**

being an issue” when Lio himself has done similar humor before. Basically holding them up to a double standard. 22:10 – 22:30 , 41:20 – 41:40

Tweet in question that shows Lio has shown exact humor as the type of humor he deems to have an issue with: <https://archive.is/hiNrA>

- ❖ A member of Lagovirt’s discord has informed Lio of possibly the reasoning of why taka is not as active in the situation due to his traumatizing experience meaning his SA was thrown at his face during an argument he had with a senate member. In hindsight Lio has given indication that Taka was a victim of SA ,long before he entered the call. Lio acknowledged the information given to him by said member. Never took into consideration that there are victims in Caswarfox’s server while he made his first video spreading misinformation about Taka’s experience. 22:51 – 25:55
- ❖ Lio has stated that Cas and mods never punished others including Cedric for their spergetry in the server, has self admitted that Cas’ server “*larped*” aka joking about the war thing, and has made jokes about adopted daughters. First Cas and his mod team always immediately put others into “Gay Baby Jail” if they sperg out and it has happened on numerous occasions. Second Lio has self admitted that we were joking about the war thing and should never be taken seriously. Finally was the adopted daughter jokes, when according to the call on February 19th Lio has acknowledged the humor in Cas’ server and even has seen a fanfic about him and never had a massive issue. 29:06 – 30:39
- ❖ Lio has made a vale threat to Taka a SA victim about having his family involved due to the jokes that were not meant to be taken seriously in conclusion he is making a vale threat to get Taka’s dox through a IP Grabber. Basically showing a repetitive pattern where Lio is willing to get people’s personal information no matter if you’re a victim or not. Also that apparently they are pissed at going after lio’s “family” when it was not the case at all. 30:39 – 31:06
- ❖ A senate member was stating that making jokes and going after Lio for his inconsistencies sorry uhh ( *conspiracies from senate’s own logic* ) is life ruination. That is not life ruination, the one that should be after for life ruination is Lio himself due to the fact that he cannot handle his own damn battles when he is getting called out and makes attempts on getting family involved which is LITERAL life ruination. Not people going after someone for their childish behavior. 31:46 – 32:51
- ❖ Lio has stated that Cas and mods have gone to the Blood Lord himself first to regain dirt on Lio, false Blood Lord came into the server himself and no one was aware of his history until others figured out who he was. Blood Lord was put into call and was given a chance to explain his side of the story, then later on was told of Blood

Lord's true story and was put in "Gay Baby Jail" and was mocked for it then Blood Lord left the server. No one ever came to Blood Lord, he troll shielded his way into Cas' server hiding the actual story. So a case of Lio showing baseless accusations without any proof or context also stating misinformation. Additionally Taka has given context to Lio about everyone being unknown about Blood Lord until someone mentioned it to them about the video being made. 33:10 - 34:35

- ❖ Lio has stated that Cas' server is regaining dirt on Lio himself due to the small segment of Peaches' video and branding that segment as criticism. It isn't due to that there is no context nor to the fact there was no proper showing of said context to state the factual criticism. The regaining dirt on Lio himself was due to Senate's own reaction when others were criticizing Peaches about that particular segment. So that is on Senate's end for showing suspicion. 34:35 - 34:59
- ❖ Lio has made a self admission to why he doesn't respond in Cas' server, it is due to being uncooperative about others not asking him questions (when it is false because everyone was) and therefore he shall not answer. No matter what if others ask questions or not you do have the realm to basically state your side of the situation on your own volition. 35:00 - 35:26
- ❖ Lio has also stated that nobody is going to find anything because it doesn't exist when he thinks others were regaining dirt onto him. That is not true, Lio has shown throughout the entirety of the nonsensical situation that there is suspicion and some form of guilt about the Coyote Lovely situation. 35:26 - 35:41
- ❖ Lio has stated that during the Peaches video situation that Cas has never gone to his dms on his main account. Wait a minute Lio stated in his Coyote Call video that Cas has lost all trust in him due to the Coyote Lovely stream. If someone were to lose trust in you that means they cut all contact directly. That is putting Cas on standards that makes no sense when there is a reasoning of why Cas never talks to Lio. 35:41 - 38:15
- ❖ Lio has stated that Cas has not gone up to the standard of being a pedo hunter because he needs to be accurate in terms of accusations and much more. That is a standard that Lio himself could not accomplish due to the fact that he himself was spreading baseless accusations, allowing mods to create chaos by doing (slander, faking screenshots, calling a victim a cunt, and finally not showing proper context to what actually happened). 45:54 - 47:11
- ❖ Lio is holding others to a standard that they cannot criticize Peaches for a small segment of a video because she is a victim of SA but when it comes to Furski who has made an unlisted vent video they can criticize her or any victim within Cas' server. Double standards at its finest. Basically them attacking victims when its convenient. 48:42 - 49:00

This call on **October, 5th 2022** was a aftermath of the Gilded raid situation that Baji, a mod of Senate had started. Gallagher, a friend of Gilded Poo has disguised himself as Poo himself to join the senate server to initially troll but it turns out that at some point there was an attempt of an **IP trace from Lio himself**. I will be pointing out the issues in terms of Lio's and Senate's end. Call Below of the events that have occurred.

[https://drive.google.com/file/d/1\\_S-9LSI2AQhwbIL55zhnfzKoudlf2U\\_Z/view?usp=share\\_link](https://drive.google.com/file/d/1_S-9LSI2AQhwbIL55zhnfzKoudlf2U_Z/view?usp=share_link)

- ❖ *Gallagher joins the Senate VC in his alt disguised as Gilded Poo.* 28:08
- ❖ During the entirety of this call **it shows that senate has displayed the same form of humor as Cas' server by shitposting themselves. Even name branded Gallagher as a tranny, does the same family comedic humor, even personally making comedic jabs at Gallagher's alt. So it's funny that they went on Cas and his community for doing the same form of humor but when it's themselves doing it no issues behind the scenes. Rules for Thee and not for me?** 28:08 - END
- ❖ **This segment of the call shows the reasoning why others never go into senate is due to their liking of servermuting others to manipulate the call entirely ,so they say that others are scared but they themselves are. They don't like it when they don't get their way in the call showing a clear distinction of immaturity on Lio's and Senate's end.** 36:30 - 40:37
- ❖ Lio has shown yet again that **he is willing to regain personal information from others even though they are not a pedophile for the sake of intimidation and try to silence someone by saying "how's Horizon for you?" basically stating a county within Ohio. Clear attempt on IP grabbing Gallagher. Now a repetitive pattern is shown that Lio is willing to regain your personal information for the sake of intimidation no matter if your a victim, a troll or anything less of a pedophile.** 48:30-49:06

**To conclude, Lio, Hopeless Peaches, Queen Serafina, ALL OF THE HIGHER UPS OF SENATE knew what Coyote has done! They went after Cas and his community for NOTHING. ONLY GUILT BY ASSOCIATION! They gave vile threats to victims “one being doxxed which is me”, slandered (the victims, Cas, and his whole community)! Because they want to eliminate Cas and anyone who dares to go against them for stating factual statements including stating their inconsistencies, double standards, and on their moral values that revolves around nothing but OPTICS, an excuse to save face from factual criticism! Thank you for this nonsensical bullshit SENATE.**

**Because of your nonsense, Coyote Lovely is taking full advantage by attempting to regain a platform. You have taken advantage and bombarded Cas and his whole community with senseless bullshit! The proof in the pudding below!**

*Another thing Lio, maybe instead of saying the doc is stupid without looking into it I would actually look at what is on the table in front of you. Due to the fact it gives clear indication of guilt.*

<https://archive.is/nUr3R/image>

*Also wanna point this out that today as of May, 3rd 2023 LioConvoy is currently defending Coyote Lovely a now known pedo sympathizer/ zoo fucker! He is currently spazzing on twitter as we speak, sending screenshots of a group chat talking about what to put in poo's first Coyote video which occurred around August 2022. Throwing out accusations and much more like he has been doing during this whole situation. Including calling me a victim of a larper for some god awful reason lmao! While also back peddling by showcasing a message I sent in the discord stating the context of the screenshots. So Lio is basically making everyone question the validity of me being a victim of SA and pedophilia by showing that last tweet by namebranding me as a larper with no evidence.*

<https://archive.ph/NUgMc/image>

<https://archive.ph/Men9H/image>

<https://archive.ph/rWQBr>

<https://archive.ph/MWyCW>

*Another thing is that Lio is pulling the genshin impact character looking like a child therefore it is pedophilia argument where there is a Genshin Impact character (that is around 2,600 years old in canon age and his appearance is young). The account in question followed Vash during his argument with Lio on twitter and did not see what was in that account. Also another thing has not shown proof that once again (like the Cedric situation) that Vash favorites the art. So a literal repeat of the situation except different artist, different person. Another thing was that he never showed evidence of Vash favoriting the art (similar situation to Cedric), so question where is that? Also another thing to point out, since Vash didn't know what was contained with that account that just followed him he should be held*

*accountable according to Lio's own standards. But reminder when Coyote doesn't know or anyone else within Lio's own group they are in the clear and should be left alone. Proof below to show the double standard.*

*Another thing to finally point out that of Lio's pattern of getting people's private information to further prove he is very well prone to do it whenever needed to.*

<https://archive.ph/Yb5ht>

<https://archive.ph/HZTmH>

*For the finale I want everyone to hear LIO'S  
OWN WORDS on how you should treat a  
victim in the clips from his own Coyote Lovely*

*video. His own words will speak volumes based on his actions ALONE in this whole situation towards how he and senate treats the victims who are in a group that LIO HIMSELF DOES NOT LIKE (showing CLEAR DOUBLE STANDARDS). Enjoy!*

*Lio in Lagovirt's server wants to “**have a third party conversation at 6pm CST**”. Originally that is the case but later on today Lio wants to control in terms of making the call like senate and also of not being cooperative at all. He wants to control who should be in*

*the call when there are multiple others involved in the situation. Lago is very unwilling to unban one of the parties he requested as well during this. Lio says that we are pussies but here he is being a pussy because he needs a crowd behind him to back his ass up. He needs to quit having his pride stuck up his own ass and actually handle this as an adult. Clearly he doesn't get what he wants, he won't have his senate members behind him and he's screaming like a manchild as a result. Also considering how Lio was acting long before the call was given clear indication that he only just wants to dogpile and nothing else. So Lio question who is the pussy now? Seems like you are honestly, shows how mature you are Lio when it comes to handling his own battles, he cannot handle a battle without his senate members. Sorry that you're having a tantrum Lio because we wanted to do it on an outside server with no spergs or dogpiling and did not abide by your terms especially when you want to do this on a not third party server (Lagovirt's).*

**LioMan2** Today at 1:50 PM

Alright. So. I've decided that if Cas is so booty blasted about a 3rd party, I'll give the manchild what he wants.

Tonight. 6pm CST. Here. He can take it, or puss out completely. His call.

**Iris Krane (they/she)** Today at 1:50 PM

He is banned from this server iirc

**benji** Today at 1:51 PM

unbanned Cas on the off chance he's willing to accept

**LioMan2** Today at 1:55 PM

The only people from that crew that I'm willing to speak to on these grounds are Cas and Ceddy. Anyone else, like Vash, Furski, NVRTH, and the read of the Dork Defense League? They can have a Senate call, or they can sit and spin.

**Nvrth** Today at 12:11 PM

Either i get unbanned from your server or im having no call at all.

**LioMan2** Today at 10:55 AM

this is like my last last chance im willing to partake in the call

**lagovirt** Today at 12:17 PM

if you wish to talk things over with Lio here, i suggest taking the offer to him. to my knowledge, this call is between Cas, Lio and Peaches. as such, i've only unbanned Cas. If you can provide me a confirmation from Cas that he'll be attending, I will unban the members asked of me to be in the audience for this call specifically. (edited)

**Nvrth** Today at 12:19 PM

Peaches sent Smash to me. if she is free to do that while they dog-pile me, that's just flat out unfair and you know it. Also Ceddy is most likely not coming since he lives in Japan

I'll give you 30 minutes to explain why **you** are needed for a call about **Cas**. Keep in mind, you'll only get one shot at this

**LioMan2** Today at 21:28

The clown can stop trying to figure out how to avoid this in his current cope call and just show up. I've been more than lenient. I offered a 3rd party last time and he pussied out. No more excuses

**LioManBad** Today at 01:13

Sure. Pass him this:

You're a lying piece of trash. You knew the time. You knew who was able to come in. You were directly passed messages from here. You were actively in call with the rest of your sexually deranged crew of degenerates coping about all of this and saying you weren't going to show. It's recorded. You've been caught in yet another lie, Cas. Coyote literally showed more stones than you. Your chance has passed, you deviant, pedo-colluding, pro-doxxing, LARPy pile of disease.

*After Cas offered yet again to do it in a neutral server  
Lio does not want to accept it.*

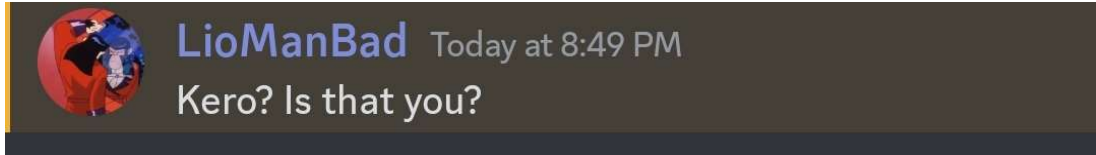

**LioManBad** Today at 8:41 PM

Here's the response:

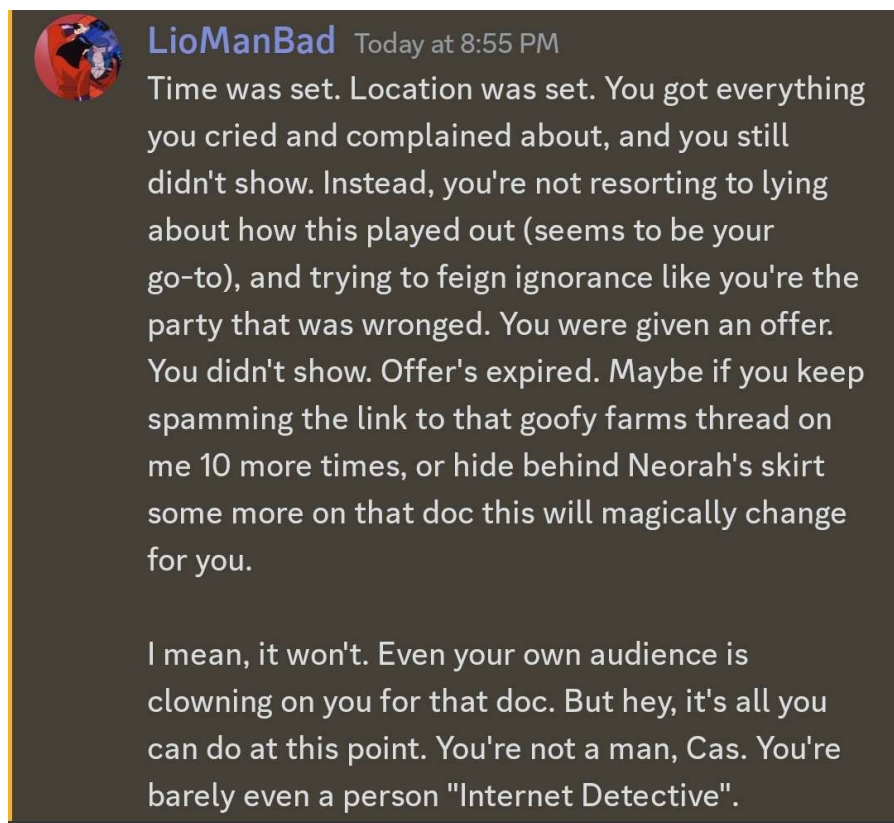

Hey, Cas, your Karen is showing. The offer was ignored. You don't get the coupon deal when the date has passed. Have you tried talking to a manager? Also, stop sending people to OTHER people, you gutless weasel. And answer why you deleted ONLY pics of your dog from Peetza's DMs.

*Now Lio is comparing Cas to Kero the wolf a known dog fucker.*

## *The Aftermath*

<https://youtu.be/hN4GNqN91H4>

## *Actual Vida Situation Timeline!*

### *Early April 2020*

Mint came forward to Lio and Senate about them being preyed on by Vida. Apparently according to Serafina's video (*a year later*) Mint never want to come out about the information until after they came back to Senate including their attempt at suicide. How I can confirm this is Lio's own statement on the farms stating the exact date when he was notified about Mint Heart's experience with Vida.

<https://kiwifarms.net/threads/retroblasting-production-s-michael-d-french-thomas-lionvoy-guerra.149934/#post-14845650>

You say "meet Vida", and then don't really talk about him. That's weird. And no, he was never my "best friend". We'll get into why in a bit.

Emmey is a rape victim and Lio's first daughter, she was in a relationship with Vida when she was less than 15yo (Vida being an adult at this point) and told him that his mom's bf was abusing her and asked for help.

Jordyn was 13 when Joshua Keith Vida started preying on him. Something I didn't know until April of 2020. The sexual assault by his mom's ex happened in 2018.

The logical choice should be filling a police report against him.

### *Mid - Almost end of April 2020*

Lio and Serafina have confronted Vida VIA voice call while Vida thinking under pretense it was just about the zoophile police, they wanted to confront Vida as well about his preying on Mint Heart. It resulted in Vida at some point threatening to dox Lio's wife. After that call, they severed ties with Vida and went to barrel but never made a video immediately outing him at that point in time regardless it can be **ANYONE** making a video on this.

*May 1st, 2020*

FNGR makes a stream of Lio showcasing evidence from his own google doc about Jazz being preyed on by Vida. At that time Lio and Senate had enough evidence to crucify Vida for his heinous acts. Mint during the stream was showing denial about Vida (*obvious emotional breakdown*), during which Jazz stated that they did not want to come forward about this until at the time of the stream (2020).

<https://www.youtube.com/watch?v=VNB-PG7BNwU&t=472s>

*Around August - September 2020*

Mint started talking to Lio and Senate. **End of August** Mint tried to attempt at suicide. **A month later in September**, Vida attempted to guilt trip / blackmail Mint during VIA text. During that whole situation Vida was also in contact with another minor named Gibbs, Gibbs never knew of Vida being a pedophile until someone mentioned it to her as of

**September 15th.** There were seeds of doubt including constant leaving and giving back contact to Vida until mid **February of 2021.**

### ***September 13th, 2021***

Queen Serafina made an expose video (*collabed with Lio*) on Vida. Explaining everything about the Vida Situation, there was certain details that were left out within that video ( *That they knew about Mint being preyed on by Vida by April of 2020, was told by another victim about Vida preying on them by May 1st, 2020*) According to this as well Mint never want to come out about the information until after that suicide attempt.

[https://www.youtube.com/watch?v=9\\_zwuIWhsdM](https://www.youtube.com/watch?v=9_zwuIWhsdM)

*Questions*

**Why did Lio and Senate not out Vida after that call they had with him about the Mint Heart situation on April of 2020?**

**If Mint Heart did not want to go out about the situation, why did Lio and Serafina have that call in April confronting Vida? That seems to be giving the predator fuel to go after the victim for coming out to their friends about the info after that confrontation, it makes no sense in its honesty. Because Mint technically did go public about the info by informing Lio and Senate of this situation.**

**Why did Lio and Senate not immediately out Vida about Jazz as of 2020?**

**Why withhold all of this information about Vida until there is a third victim a year later (2021)?**

**Even as such why wait another year to make a video about Vida? These types of situations should take number one priority and you should immediately make videos on that particular topic. Not on randoms on the internet or random videos.**

*This is all from my own video analysis on the two videos above to state such questions and give a proper timeline of the whole Vida situation.*

*Basically from what I am seeing of this it is clear that the proper story was not told firstly, second is that I see that Lio and Senate waited on actually outing Vida immediately about him preying on minors rather than immediately outing him knowing full well of what happened. Honestly feels like shielding to me.*

*Lio I don't want your damn apology no one does. I know you're going to do it to save face. No matter what you say, no one is not going to listen to your excuses! You attempted to bring my family into this while also maliciously gaining information to SILENCE ME ON ALL ASPECTS and guess what they know everything you had done to me! Everyone in Cas' community knows! They are not going to listen to you because unlike you and The Senate they see the TRUTH AND REALITY! So you and those dirtbags called Senate can go kiss my ass! **SUCK MY STRAP LIO AND SENATE!!***

***Thank you for reading this.***

 *The Grand Finale!* 

*Hey Lio here's a present for you, how about focusing your rage boner on Lagovirt (you know the person that you brought your senate members into their server and fully trusted him as your own bestie, yeah that person) since he literally sees and follows heinous artists on Twitter ( feral, cub, etc) for quite a very long time. You know Twitter doesn't have a filter so here ya go since it is a million times worse than the Furski shit! What happened to being thorough? Guess you didn't learn your*

*lesson from Vida, Zrcalo, and Coyote  
huh. Funny thing you went after Cas  
for the same shit but in your case it's a  
million times worse. HAVE FUUUN~!!*

*Lago seems to try and have everyone not see the updated version of the doc, I wonder why?*

*Lago made an announcement trying to pull the excuse that he “ **doesn’t know**” funny that he has not mentioned the Decad person.*

*Interesting. VERY. INTERESTING.*

*You know the person that he followed that shows literal **Cub and Feral**.*

*Hilarious! You guys didn’t give jack about Cedric, Furski, or Vash being in situations that are **LESS** of a situation than this one. You guys are a bunch of two faced bastards I swear.*
